

Mediation Fee Schedule

Rates are subsidized by grants and donations and do not reflect the true market value of services.

- **Clients will be invoiced separately. We must receive payment or a Fee Waiver Application from both/all parties prior to mediation.**
- If a party does not show up for a mediation session and we do not receive contact from that party prior to 24 hours, we will keep the **full** fee of the no-show party. We will refund the party who does attend (if the mediation is not rescheduled).
- **Staff may modify/waive fees for parties in certain circumstances (see page 2). The fee of the other party will not be impacted. No one will be turned away due to inability to pay.**

*For mediations involving parties from the same household (e.g. parent/teen), the rate is \$175/session/household. For mediations involving parties from the same workplace, the rate is \$175/session/workplace.

**Farm Succession planning is defined as passing ownership of the farm (including land, machinery, livestock, and contracts) to the next generation. Succession planning does not include the distribution of assets common to marriage dissolution, which is included in OCAMP’s covered mediation services. The rate of \$100/hour/family unit covers mediated planning discussions. Additional contracted services, including evaluations of farm activities, drafting legal documents, and other specialty services would incur an additional cost.
